Since the winery was founded in 1890, Bodegas y Viñedos Pascual Toso has become one of the most exciting and promising Argentine wineries and remains faithful to its principles: tradition, authenticity and innovation. AUSTRALIA STONEY VALE

Stoney Vale Stoney Vale is the block out the back of a vineyard where a creek used to grow. The 'old timers' reckon that some of the best grapes come from here as the vines have to struggle just a little bit more. It's also where the vineyard workers take their breaks under the shade of a tall gum tree and in the heat of the day there is not much movement except the odd lizard scuttling across the rocks. We call this wine StoneyVale in recognition of this special place – in the sun drenched land we love!

CHILE

03

Full of fascination and intrigue, Chile is a pure joy. The variety on offer from Kingsland is substantial and diverse including wines with a wide range of aromas, flavours and textures. From the cooler coastal areas and high altitude vineyards the aromatic whites and delicate reds reign supreme, whereas the Central Valley offers fuller styles of whites and more intense reds. Vinification methods are designed to enhance the typical characteristics of each variety.

CHILE TIERRA DEL REY

In 1554, whilst struggling to remain heir to the Spanish throne, Philip II of Spain married Queen Mary I of England. In order to give him equal rank with the Queen, he was renamed **Tierra del Rey**, 'King of Chile' by his father and thus became Chile's only King.

The Central Valley is set in between the majestic Andes Mountains and the mighty Pacific Ocean, making it an ideal location for growing grapes. The mountains protect the wine region by creating dry, hot climatic conditions and the cold ocean breezes keep the vines cool. This combination produces full flavoured wines whilst maintaining that all important acidity essential to make perfectly-balanced wines.

FRANCE ALLIANCE LOIRE

The vineyards of **Alliance Loire** follow the Loire river from Nantes on the Atlantic coast to the Touraine region 1,000 kilometres inland. Alliance Loire is the stellar combination of seven cooperative cellars who decided to join forces in 2002 bringing with them their expertise on crafting expressive wines from their individual AOPs which reflect the diverse terroir, climate and grape varieties planted. We've chosen a Muscadet that has been aged on its lees which adds more complexity and rounded structure on the palate than a regular Muscadet. The Rose d'Anjou that we've also chosen is a great example of rose that has some sweetness to it but great acidity so the perception on taste is not overtly sweet but really soft and refreshing.

From Prosecco to Pinot Grigio and Chianti (and much more in-between), our portfolio covers all the gems from this enthralling country.

ITALY II CAGGIO

Il Caggio is a range of classic DOC and DOCG Italian regional wines and popular IGT varietals.

This fantastic range of still wines are sourced from Cantine Minini. Founded at the beginning of the 1920's by Francesco Minini, a young, humble farmer who had a dream to make a winery starting with only a few resources. He achieved this ambitious goal with great passion and determination.

Through four generations of growth, they have developed partnerships with growers all over the main production areas of Italy.

Its southernmost portion, known as Salento peninsula, forms a "stiletto" on the "boot" of Italy. This sunny, dry region typically produces fruit-forward, ripe red wines which are considered some of the best value in Italy.

ITALY BORGIO MOLINO

The Italians enjoy Prosecco as a wine for every occasion and it has benefitted from a surge in popularity over the past few years in this country. However, we still see it more as a celebratory fizz and there is good reason to pop the cork! It seems to have struck the right balance – giving a sense of festivity at an affordable price. It also offers an alternative for those looking for a change to the biscuity, yeasty Champagne style. SOUTH AFRICA

10

Liberated by the advent of democracy, the South African wine industry has gone from strength to strength. The Cape winegrowing areas, situated in the narrow viticultural zone of the southern hemisphere, mainly have a Mediterranean climate. The mountain slopes and valleys form the ideal habitat for wine grapes, the products of which have given pleasure to man for many centuries. Long, sun-drenched summers and mild, wet winters contribute to the ideal conditions for viticulture.

SOUTH AFRICA DUDLEY'S STONE

Dudley's Stone reminisces about the 1869 discovery, when the first large diamond, the 'Star of South Africa' was found in the country. On hearing of the stone, the Earl of Dudley purchased it, had it mounted on a head ornament with 95 smaller diamonds and gave it to the countess of Dudley – it was hence known as the 'Dudley Diamond'.

AUSTRALIA

02

Australia is a respected leader in combining tradition with new ideas and technical innovation, and produces a diversity of wine styles. With its vast scale, breadth and famously clear branding, Australia can boast some of the wine trade's biggest successes.

AUSTRALIA FERNGROVE

Ferngrove's unique location, 90km from the coast, results in the rare combination of rugged, classically West Australian ancient soils and the cooling influence of the converging Southern and Indian Oceans.

Frankland River is one of the coldest and most isolated wine regions in Australia meaning grapes ripen at a slower rate, allowing the winemaking team the time to cultivate and nurture vines to their absolute best, sometimes not harvesting until as late as May. This all combines and results in wines that deliver natural acidity and strong varietal characters.
